The following is an examiner's statement of reasons for allowance:

The prior art does not disclose a flip chip substrate having the first central padable areas in each row lined parallel to the first centerline such that the first centerline traverses between the first central padable areas arranged in two neighboring rows, and the ratio of the number of the first central padable areas with the connection pads for transmitting signals to the total number of the first central padable areas is less than or equal to $2/7$ as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
